### PREFACE

Department of Customs is the primary data source on Nepal's international merchandise trade. The Department regularly disseminates annual data on Nepal's foreign trade of goods through its annual publication entitled "Nepal Foreign Trade Statistics". *Nepal Foreign Trade Statistics – 2079/80 (2022/23 AD)* is another publication series that contains information on the import and export of goods over the fiscal year 2079/80. The statistical information presented in this book are based on the administrative records obtained from the Automated System for Customs Data (ASYCUDA) World – a web-based system administered by the Department of Customs in its twenty-seven main customs offices. This book is published in the electronic version only.

This book presents a summary of the status of international merchandise trade of Nepal in FY 2079/80 and provides information on foreign trade in goods by various dimensions such as import-export of goods by chapters of Harmonized system, by commodity, by trading partner-country, by imports duty, and by customs offices. I hope that all the concerned users will find this book very useful. Any valuable suggestions about this book will be always appreciated.

This book has been prepared by the collective effort of the staffs of the Department of Customs along with the representative staff of the Ministry of Finance, Nepal Rastra Bank, Trade and Export Promotion Centre (TEPC). These Government agencies are the primary users of the foreign trade data compiled by the Department of Customs.

I would like to thank all the working group members for their hard work and dedication in developing and designing the book.

## EXECUTIVE SUMMARY

Nepal's total international merchandise trade shows an increasing trend over the last five years excluding the abnormal period of FY 2076/77 and FY 2079/80. The government of Nepal imposed import restrictive measures in order to mitigate the pressure on the foreign exchange reserve. As a result, the import and export of goods declined in FY 2079/80. The export of goods decreased by 21.44 percent to NPR 157.14 billion in FY 2079/80 from NPR 200.03 billion in FY 2078/79. Similarly, the import of goods decreased by 16.08 percent to NPR 1611.73 billion in FY 2079/80 from NPR 1920.45 billion in FY 2078/79. Consequently, the total foreign trade of goods decreased by 16.58 percent to NPR 1768.87 billion in FY 2079/80 from NPR 2120.48 billion in FY 2078/79. Despite this decrease in the import and export of goods, the trade deficit reduced to NPR 1454.53 billion in FY 2079/80 from NPR 1720.42 billion in the previous fiscal year. There was also a significant reduction in the collection of customs revenues in FY 2079/80 as compared to that of FY 2078/79. The customs revenues of NPR 390.7 billion were recorded in FY 2079/80, which is a 22.9 percent decrease from the NPR 506.42 billion of revenue collected in FY 2078/79.
